ABOUT ME

I'm **Diana David**, I'm 27 years old and I'm Portuguese.

I've a **MA in 3D Computer Animation** from Bournemouth University (**UK**) and a **BFA (hons) in Multimedia Art** from Fine Arts Faculty of Lisbon (**Portugal**). I have been working for the past **5 years as a 2D/3D Animator, Character Designer and Storyboard Artist for TV Series, TV ads and Animation Shorts**, where I had the opportunity to work alongside **Dreamworks**. I also worked as a **GUI Artist for Games** where **Microsoft** was my main client.

Besides going to the cinema, playing Playstation, collecting Comic books and practicing Roller Skating I also do some freelance work on my spare time, when I'm not working on my original animation shorts.

I'm very creative, eager to learn and I have a huge passion about telling stories with images.

My goal is to become a Director one day.

”

“

Diana is a very **talented artist and animator**. During my time working with her at Frontier I found her to be **very creative and always reliable**. Her excellent **work ethic, enthusiasm and creativity** made her a valued member of the team. I would have no hesitation in recommending her.

”

“

Diana is an **excellent colleague**. She is not only a workaholic (an enthusiastic and motivated one), but also someone to have fun with and admire as a role model. She is a responsible and **artistic animator**. She is always professional and **punctual on her deadlines, bringing her own talent and ideas, not only for the company, but for all colleagues and our own personal projects**. In a sentence: **She is to be admired as a professional and a friend**, which I'm proud to co - work with.

”

“

Diana is an **amazing artist** and an extremely **efficient worker**. She is a very quick learner and she is also very flexible to express her skills moving on different softwares. Diana is always **punctual and professional** in the organization of her job and to **respect deadlines**. She never gives up and she always finds a solution to her problems with constancy and **curiosity**. I wish all the best to Diana and I am sure she will achieve all the results she will desire for her life and her carrier
